

Decathlon Israel Workshop services

Maintenance, repair and customization of products that were developed for our customers and support their sports experience.

To enjoy the workshop services, you must come to any of our stores and bring the product with you for diagnostics. Go to the customer service desk or the workshop desk. After diagnosing the product, you will receive a price quote for the repair and an additional explanation of the process. If you choose to repair the product, you will leave it with us for 7-14 business days and you can return and pick it up after receiving an update that the product has returned to the service station.

At the service station you will be given an invoice which you can pay at one of the store's cash registers.

*The price is for service only and does not include spare parts. A quote for spare parts will be provided as needed. The diagnosis and quote are provided free of charge.

The full range of care and repair services can be found throughout our workshops in stores.

The service is provided for Decathlon's house brands only, service for external branded products can be found in the warranty policy on the website www.decathlon.co.il/iw/content/66-warranty-policy.

cycling services			
Service	Description	Item code	Price ILS
direction / steering			
stem change	includes headset adjustment, removal handle, grips, shifter does not include: accessories removal road bike handle	8187000	99.9₪
adjust stem height (adjustable stem)	nothing to add	8187000	99.9₪
headset adjustment	nothing to add	8041532	60₪
headset spacer change	includes headset adjustment	8335269	80₪
star washer change	includes headset adjustment	8335269	80₪
handlebar change	includes to change the grips, shifters and brake levers. not for road bikes. does not include: removal accessories	8187000	140₪

bearing headset greasing	bearing headset greasing and cleaning before greasing	5950471	235₺
bmx rotor change	includes headset adjustment includes brake adjustment	8336696	235₺
headset change	includes headset adjustment	8336696	235₺
change several steering parts at the same time	headset change and/or headset adjustment and/or stem change and/or handlebar change and/or star washer change and/or bmx rotor change	8336696	99.9₺
transmission			
front or rear derailleur change	adjustment of derailleur is included	6097019	75₺
chain change shorten the chain change the fastlink	adjustment of derailleur is included	5866705	44₺
gear cable and outer cable change for derailleur and brake	includes adjustment of gears. includes 1 circuit + cable + housing (spare parts not included)	5950331	48₺
front derailleur adjustment back derailleur adjustment nexus adjustment adjustment tension chain singlespeed	up to 2 derailleurs	6219688	65₺
freewheel or cassette change	includes gear adjustment includes brake caliper adjustment if wheel is put back on the bike	5866756	40₺
brake cable and outer cable change change cable and	includes brake adjustment	5950331	48₺

housing back brake bmx			
change a cable interior frame	includes adjustment of gears. includes 1 circuit	8598745	90₪
bottom bracket change tightening bottom bracket	for all the bottom brackets includes the removal and replacement of the pedals and crank set includes adjustment of the front and back derailleur	5866977	120₪
fit rear drop-out/hanger / bottle carrier/wire	includes adjustment or replacement of rear derailleur. includes changing chain.	685514	120₪
chain tensioner or belt change	includes brake adjustment not included refitting accessories	8335272	105₪
crank set change crankset chainring	includes gear adjustment includes removal and refitting of pedals	5866713	105₪
drop-out/hanger change straightening dropout hanger	includes gear adjustment does not include truing wheel	685514	120₪
gear shifter change	includes gear adjustment and outer cable change not for road or combo shifters	5866772	105₪
drop-out/hanger tapping bottom bracket tapping		2885254	70₪
changing several transmission parts at the same time	bottom bracket tightening and/or derailleur change and/or gear shifter change and/or combo/road shifter change and/or crank set change and/or bottom bracket change and/or chain change and/or	8335372	235₪

	chain shortening and/or quick release link/power link change and/or jockey wheel change and/or free wheel or cassette change and/or drop-out/hanger change and/or drop-out/hanger tapping and/or gear adjustment and/or gear cable and outer cable change and/or chain ring change and/or transmission cleaning and/or chain anti jump change		
transmission cleaning	disassembling the transmission parts/ clean, re-assemble the transmission transmission = chain, cassette, bottom bracket, der front:back not included: cable	8336841	185₪
wheels			
front wheel inner tube and/or tyre change rear wheel inner tube and/or tyre change	includes brake caliper front and back adjustment if wheel is put back on the bike	5950277	28₪
transform to tubeless tyre		8598746	95₪
change tubeless tire		8598747	48₪
anti puncture slime fitting	includes inflating tyre	8332619	45₪
valve change tubeless		5950277	28₪
front wheel change rear wheel change	includes brake caliper adjustment if wheel is put back on the bike and change cassette comprend pas: disc change (add 1 change disc)	6074663	65₪
truing wheel	wheel 1 truing	5950250	44₪

	adjusting brakes not included		
change disc brake	include the disc change and adjustment of the gear	8671365	85₺
1. caliper/drum 1 change 2. can also be used for: change a wheel with: special brake type cantilever brakes road bike brakes drum brake	includes caliper adjustment includes drum brake adjustment	8187027	89.9₺
spoke replacement (3 max)	includes wheel truing and changing tire includes gear & brake adjustment if wheel put back on bike and cassette not included: disc change or tubeless prep	5950242	85₺
hub tightening	only if bearings and cup are ok	3313935	65₺
bearing lubrication hub lubrication	nothing to add	5950471	140₺
wheel bearing change axle change (eastern countries)	includes lubrication includes hub adjustment (tightening & balancing)	8187187	174.9₺
drum brake wheel change sturmey wheel change nexus wheel change	includes brake & gear adjustment if wheel is put back on bike does not include removal & replacement of chain guard	6074639	140₺
changing several wheel parts at the same time	hub tightening and/or inner tube and/or tyre change and/or hub lubrication and/or spoke replacement + wheel truing and/or wheel truing and/or tubeless tyre change and/or free hub body/k7 and/or tubeless repair bearing change and/or	8335399	235₺

tubular tyre change	the glue is not included	2820691	160₺
changing cassette body	nothing to add	8187187	174.9₺
brakes			
adjust all types of brakes	includes the adjustment of two brakes	8041535	42₺
pad change 1 pair disc brake pad change 1 pair	includes caliper adjustment	6208864	46₺
brake lever change (not road bike)	includes brake adjustment	5866691	80₺
hydraulic brake bleeding	pads replace included	8187034	120₺
road bike lever change combo (lever & shifter) change	includes gear and brake cable & outer cable change includes gear and brake adjustment includes grip/bar tape change if necessary	8335279	150₺
inner tube and/or tyre change drum brake wheel	brake adjustment included	6074701	90₺
change several braking parts at the same time	brake bleeding and/or front and back brake, brake lever change and/or brake adjustment and/or brake pad change and/or disc brake pad change and/or brake cable and outer cable change and/or brake caliper change disc change drum brake change olive change and/or hose change and/or rotor change and/or upper and lower bmx brake cable change and/or fit mechanical disc brake kit and/or fit hydraulic brake kit and/or	8766625	260₺

position			
pedal change all types	nothing to add	3315970	38₺
seat post clamp change	seatpost with suspension, cable change is not included	8187066	38₺
seat post change	nothing to add	8187066	38₺
saddle change	nothing to add	8187066	38₺
handlebar tape change	includes both sides of bars does not include cable and outer cable change on road bikes	8335276	70₺
rear shock change	includes weight adjustment set-up if applicable	5873531	185₺
pin change	nothing to add	5873531	185₺
rear shock spacer change	nothing to add	5873531	185₺
bearing change system	nothing to add	8187187	210₺
triangle change	nothing to add	8187198	174.9₺
triangle bearing change	nothing to add	8187198	210₺
frame change	new spare parts are not included	6239190	640₺
assembling a bike from zero	new spare parts are not included	5866993	560₺
fork change	includes fitting star washer if necessary includes cutting steerer tube to size	5950439	235₺
e-bike			
battery diagnosis	diagnose the battery, reassemble the battery. the client brings only the battery.	8598708	42₺
battery change	the diagnostic of the battery is included + exchange components that support the battery. the client comes with the bike. controle of the	8335282	105₺

	cables included.		
shimano steps update + diagnostic	update, diagnose and disassemble the tool.	8514483	140₺
brose update + diagnostic	update, diagnose and disassemble the tool.	8598713	140₺
dkt update + diagnostic	update, diagnose and disassemble the tool.	8598714	140₺
bosch update + diagnostic	update, diagnose and disassemble the tool.	8598716	140₺
change motor in the wheel	disassembly / assembly of the whole motor wheel	8598697	70₺
change display / remote		8598717	34₺
change controller + holder	changing controller and its battery compartment	8598718	65₺
change controller tilt / hoptown	change of controller on foldable e-bikes	8598719	65₺
change cable set elops/tilt		8598698	60₺
change set cable rockrider/riverside		8598701	60₺
change motor cable tilt	changing the cable set	8598702	60₺
change power cable	replacement of power cable. for every motor from brose and shimano	8598704	120₺
change motor cable original/elops	change the motor's cable,	8598710	65₺
change brake lever with sensor	change of the brake lever, including brake cable change(if necessary)	8598732	65₺
change cadence sensor elops	change of sensor	8598730	85₺
change speed sensor brose		8598727	85₺
change speed sensor shimano	for shimano only	8598728	85₺
change cadence sensor original	replacement of the sensor (if necessary of the magnetic disc also).	8598729	135₺

change torque sensor in bottom bracket		8598731	135₺
change wheel with motor	change the motor from a wheel. (included tire, cassette and disc)	8188967	130₺
change the belt of a brose motor	for brose motor only	8770225	280₺
change central motor	shimano steps / brose/bosch motors	8598693	120₺
change lock with key		8598720	90₺
change lock without key		8598721	90₺
change shimano light module		8598726	90₺
searching for the defect by visually checking the components	verification connections verification battery charge verification charger verification error code not included change of components	8761495	55₺
searching root cause electrical breakdown		8187391	185₺
packages			
6 months safety check service	handlebar,stem,pedal,seat post and saddle wheel hubs fork control headset adjustment brake levers brake pads/disc pads gear and brake cable tension front and rear gear chain lubrication and tyre pressures front and rear derailleurs wheel truing bottom bracket check the folding system of the stem	3232552	165₺
